AKSHAY WAGHELA

JUNIOR DATA SCIENTIST | PYTHON | SQL | STATISTICS | MACHINE LEARNING

+91 7400124094 | akshaywaghela1111@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Analytics professional with 3 years of experience and an M.Sc. in Statistics, combining practical data analysis with machine-learning project experience. Skilled in Python, SQL, Pandas, statistical modeling, feature engineering, model evaluation and explainability. Experienced in analyzing large pharma and survey datasets and building reproducible workflows; seeking a Junior Data Scientist / Data Science Analyst role applying statistical reasoning and ML to business problems.

TECHNICAL SKILLS

Programming & Data: Python, SQL, Pandas, NumPy, Scikit-learn, PySpark, R, PostgreSQL
Machine Learning: Logistic Regression, Linear Regression, Random Forest, XGBoost, classification, model validation, feature engineering
Statistics: Hypothesis testing, regression, chi-square, ANOVA, sampling, time-series fundamentals, probability
Evaluation & Explainability: ROC-AUC, Gini, Average Precision, Brier score, log loss, calibration, SHAP
Visualization & Apps: Power BI, Tableau, Looker Studio, Matplotlib, Seaborn, Streamlit
Additional: Data cleaning, anomaly detection, ETL, NLP fundamentals, embeddings, FAISS, Google Apps Script

PROFESSIONAL EXPERIENCE

Research Analyst | Pharmarack *Feb 2026 – Aug 2026*

- Analyzed 100,000+ monthly pharma sales and distribution records using Python, Pandas, NumPy and OpenPyXL to identify trends, anomalies and data-quality issues.
- Automated 10+ reporting workflows, reducing manual effort by 70–90%; developed SKU-level growth, contribution and brand/company performance analyses.
- Strengthened validation and QC processes, investigated client data issues, and supported competitive market intelligence and state-level target allocation.

Data Analyst | Axis My India *Dec 2025 – Feb 2026*

- Analyzed 200,000+ survey records using statistical techniques to evaluate scheme adoption and beneficiary overlap.
- Interpreted patterns and translated analysis into targeting recommendations for research and decision support.

MIS / Data Analyst | Arbour Investments *Apr 2025 – Nov 2025*

- Built 10+ Looker Studio dashboards and automated reporting pipelines with Google Apps Script and SQL, improving reporting accuracy by 20%.
- Performed exploratory analysis and delivered operational insights across HR, recruitment, finance and business processes.

MIS Executive | Arbour Investments *Sep 2023 – Mar 2025*

- Automated reporting and operational workflows, reducing processing time by 30%; supported cross-functional tracking across 10+ departments.
- Developed an investor-onboarding application and maintained 40+ process-tracking dashboards.

Data Analyst Intern | The Sparks Foundation *Apr 2021 – May 2021*

- Performed exploratory data analysis and developed classification models achieving over 80% accuracy on internship datasets.

PROJECTS

Credit Risk Prediction & Probability of Default (PD) Modeling | *Python, PySpark, XGBoost, Scikit-learn, SHAP*

- Built an end-to-end pipeline on the Kaggle Home Credit dataset covering 1.52M+ loan applications; engineered 26 leakage-aware features from historical application data using PySpark.
- Compared Logistic Regression and XGBoost using a time-based holdout split; reported 0.706 ROC-AUC, 0.412 Gini and 0.053 Average Precision. Implemented sigmoid (Platt) calibration, assessed Brier score/log loss and decile risk bands, and used SHAP for interpretability.

Health Analytics RAG Chatbot | *Python, Sentence Transformers, FAISS, Qwen*

- Built a retrieval-augmented prototype over a structured health dataset to retrieve relevant data and answer natural-language questions.
- Combined semantic retrieval with deterministic statistical calculations for dataset-level metrics and user-level comparisons.

EDUCATION

M.Sc. Statistics - The Maharaja Sayajirao University of Baroda — 2021 - 2023 | CGPA: 7.34/10
B.Sc. Statistics - Bhavan's College, University of Mumbai — 2018 - 2021 | CGPA: 9.86/10

CERTIFICATIONS & TRAINING

- Deloitte Australia - Data Analytics, Forage, 2026
- BCG - Data Science, Forage
- Accenture - Data Analytics, Forage
- Practical LLMs - LinkedIn Learning, 2026
- Data Science & Machine Learning - Udemy
- PySpark Essential Training

AWARDS

- INSPIRE Scholar - Top 1% in State
- HackerRank Gold - SQL & Python
- 2nd Rank - B.Sc. Statistics
